Dear Parents/Guardians,

In the event the district is required to close due to the Covid-19 virus, I am providing art exercises for your child so they can continue with their art education.

- Art class is once a week for 40 minutes. You may choose to do art more than that, but each student is expected to turn in at least one assignment for each week that we are learning at home upon returning to school.
- All assignments can be done with just pencils. You can enhance your works of art if you have coloring supplies, however it will not be held against your grade if you do not have crayons, markers etc.
- If you do not have paper at home, please use the back of this hand out.

**Choose from the ideas below:**

### **Choice 1: Original Work of Art**

Think about WHERE artists get their ideas:

Observation

Imagination

Memories

Feelings

Interests

Beliefs

Hopes

Function

THEMES found in art works:

Nature

People

Places

Architecture

Dreams

Once you have an idea, make a plan and create something original and/or meaningful.

### **Choice 2: Drawing Prompts**

Choose an idea from the following list. Think about all the details you can add to create a visual story and how you can make your artwork more interesting (Where should it take place? What else could be going on in the background? etc?)

Draw someone or something you love.

Draw a self-portrait with you having a crazy hair day.

Draw a family portrait. PLOT TWIST: it is a family of animals or insects.

Draw an imaginary animal.

Set up a still life of fruit and draw what you see.

Draw yourself as an original superhero.

Draw an imaginary place.

### VERSE 1

Such a feelin's comin' over me  
There is wonder in 'most every thing I see  
Not a cloud in the sky, got the sun in my eyes  
And I won't be surprised if it's a dream  
Everything I want the world to be  
Is now comin' true especially for me  
And the reason is clear, it's because you are here  
You're the nearest thing to heaven that I've seen

### REFRAIN

I'm on the top of the world lookin' down on creation  
And the only explanation I can find  
Is the love that I've found ever since you've been around  
Your love's put me at the top of the world

### VERSE 2

Something in the wind has learned my name  
And it's telling me that things are not the same  
In the leaves on the trees and the touch of the breeze  
There's a pleasing sense of happiness for me  
There is only one wish on my mind  
When this day is through I hope that I will find  
That tomorrow will be just the same for you and me  
All I need will be mine if you are here

### REFRAIN
